Championship Classes

Competition will be held in CLUB Class, 15M MIXED Class, OPEN MIXED Class.

General Competition Rules and Local Procedures

The newest FAI Sporting Code General Section and Section 3 with its Annexes will be applied. The Local Procedures will be published on the competition website.

The Organiser will publish all coordinates of the take-off point, turn points, control points and airspaces in required formats on the official competition website. It is responsibility of the competitors to load these in their current version into flight recorders/ navigational instruments.

Entries and Qualification Rules

Entries will be accepted only via website and will be held online. The Official Registration with all instructions included will be published on the competition website. Incomplete entry forms or those containing inaccurate information will not be accepted. Only entries with paid Entry Fee on time will be accepted. All required documents must be provided via competition website.

All pilots are requested to fill entry form to get information about number of expected participant for organiser.

Maximum number of gliders is 100.

Preference will be given to Czech pilots and juniors who are expected to fly at JWGC 2022.

Competitor gives consent to organiser by filling entry form to publish her/his name and surname, home aeroclub and/ or country, photos or videos and flights records (GDPR).

The entry period for entries will be closed on May 15, 2021. Deadline for entry fee payment is May 15, 2021.

Deadline for providing required documents is May 15, 2021.

Pilot Requirements

The qualification of competitors will be as defined by Annex A of the FAI Sporting Code. Each pilot is required to have:

- Valid FAI Sporting License or paid AeCR membership (for Czech pilots only)
- FAI Silver badge
- Valid Pilot Licence, Medical Licence and Radio Licence

Pilot License Validation Requirements

1. Pilot with a valid EASA license can fly on an EASA registered glider in contest area without restrictions
2. Pilot who holds a valid pilot license (or appropriate document) of the country where the glider is registered can fly without restrictions
3. Pilot who wants to fly an EASA registered glider but does not have an EASA license must obtain license validation from the country where glider is registered.
